FRENCH-STYLE SLIDING PATIO DOOR

Superior Appearance and Performance

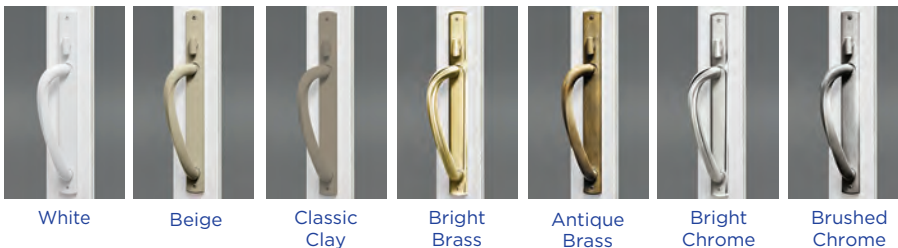

1. Premium vinyl mainframe and sashes are colored throughout and never need to be painted.
2. Double-wall design and multi-chambered construction increase strength and energy efficiency.[†]
3. Dual weatherstripping on the sash provides insulation and helps reduce energy loss.
4. Mortised joints increase strength and add authentic French door charm.
5. 1" thick insulated glass unit^{††} with Intercept[®] Warm-Edge Spacer System improves thermal performance.
6. Steel reinforcement at interlocks and lock rails increases structural integrity.
7. Contoured glazing bead for enhanced appearance.
8. Precision-engineered tandem roller system provides smooth, quiet gliding.
9. Mainframe joints incorporate closed-cell foam gaskets for superior sealing.

Additional Features:

- Multi-point locking system with strong steel hook design.
- Interlock incorporates a built-in, anti-lift feature.
- Heavy-duty extruded aluminum screen features four adjustable rollers.
