

# Window World®

## GARDEN WINDOW

Garden Window  
with woodgrain laminate

Window World® Garden Windows create space to display the things you love.

### Beauty and Function:

The unique projection of our Garden Windows accommodates flowers, herbs, and decor without taking up counter space. Featuring side-venting casements, our Garden Windows provide exceptional ventilation and airflow, allowing your greenery to flourish year-round. Tested to meet industry requirements and built to last, a Window World® Garden Window will enhance your home with style and quality.

- Twin sealing, fully screened, operating casements open to a full 90-degrees to allow exceptional airflow
- Fully welded PVC vinyl frame provides long-term durability
- Aluminum and steel reinforcements in the front mullion improve structural performance
- Vents and deadlites have a built-in weep system for optimal water drainage
- Flexscreen allows for airflow while keeping pests out
- Inside front-mounted multi-point locks and operators ensure safety and security
- 1" insulated glass package with Low-E provides thermal protection

Improving Homes. Changing Lives.®

# GARDEN WINDOW

Available with one or more adjustable glass shelves with polished edges, brackets, and standards.

Finely-crafted trim options are available to add finished elegance to your Garden window.

Optional hard-wired LED lights illuminate the interior of your window.

## Window Frame Color Options:

Window World® offers a wide variety of color options to complement the interior or exterior style of your home. Classic extruded vinyl colors can be enhanced by rich-hued exterior finishes. These high-performance exterior coatings require little maintenance and provide long-term durability. Additionally, our color-matching system allows your window to be painted to match a color sample.
